INFORMATION FOR AUTHORS

Journal of Ayub Medical College Abbottabad agrees to accept manuscripts prepared in accordance with the 'Uniform Requirements for Manuscripts Submitted to Biomedical Journals' updated in October 2004 and available at www.icmje.org

Manuscripts are accepted for consideration if neither the article nor any of its contents has been or will be published or submitted elsewhere before appearing in Journal of Ayub Medical College. Articles are also received in the email sent to jamc@ayubmed.edu.pk followed by an original manuscript with one set of original figures, and a copy (MS Word format) on 1.44 floppy diskette/CD ROM/Flash Drive/Memory Card in the surface mail. Manuscripts must be no longer than 3,000 words. Use Letter size paper (8.5×11 inch) with 1 inch margins on all sides and single space throughout. Address all submissions to the Editor, Journal of Ayub Medical College, Abbottabad-22040, Pakistan. The corresponding author must be identified. An undertaking signed by all the authors, (certifying originality of work and that the article has not been or will not be published elsewhere, and transfer of copyrights to JAMC), must accompany the manuscript. Specimen for the undertaking is available online at www.ayubmed.edu.pk/JAMC/undertaking.pdf. No more than 12 names will be listed under the title; other names will appear in a footnote.

Research and Publication Ethics: The authors must declare approval of the 'Research Ethics Committee' and clearly mention any 'Conflict of Interest' either in the script or attached document.

Title and Authors' Name: The first page of the manuscript must give the title of article that should be concise and descriptive. Also include on this page the name(s) of the author(s), titles, degrees, name of the department and institution in which the work was done, the institutional affiliation of each author, and the name and address of the author to whom any correspondence on the article should be addressed. Any grant/support that requires acknowledgment should be mentioned on this page.

Abstracts: The second page of the manuscript must contain an abstract of not more than 250 words. This abstract should consist of four paragraphs, labelled **Background, Methods, Results, and Conclusions**. They should briefly describe, respectively, the problem being addressed in the study, how the study was performed, the salient results, and what the authors conclude from the results.

Keywords: Three to 10 keywords or short phrases should be added to the bottom of the abstract page. Please use terms from the Medical Subject Headings (MeSH) of Index Medicus.

Introduction, Materials & Methods, Results, Discussion, Conclusions, Acknowledgements and References should all start on a separate page from page 3 onwards.

References: The total number of references in an Original Article must not exceed 40, while in the Review Articles maximum limit of references is 100. References must be written single-spaced and numbered as they are cited in the text. The references must be written in **Vancouver style**. The style for all types of references is given in the 'Uniform requirements for manuscripts submitted to biomedical

journals' at the web site of International Committee of Medical Journal Editors, www.icmje.org. List all authors when they are six or fewer. If they are seven or more, list the first six followed by 'et al'. Following are examples of reference citation:

Journal Article: Khan JA, Lewis MHR. Affinity chromatography of rabbit gastrocnemius alpha-L-Fucosidase. *J Ayub Med Coll Abbottabad* 1988;1(1):1-8.

Books: Lewis MHR. *Muscular Dystrophy*. London: Churchill Livingstone; 1973.

Chapter in Book: Woessner JF. Lysosomal Function. In: Dingle JT and Fell HG (Eds). *Lysosomes, in biology and pathology*. London: North Holland Publishing Co; 1969:299-329.

Tables and Illustrations: Each of the tables and illustrations should be on a separate page, must have a title and be on double space. Figures should be professionally designed. Symbols, lettering, and numbering should be clear and large enough to remain legible after the figure has been reduced to fit the width of a single column of 3 inch. Sequence number, the name of the author, and the proper orientation (e.g., 'Top ↑') should be written on the back of photographs. If photographs of patients are used, either the subjects should not be identifiable or their pictures must be accompanied by written permission to publish the picture. Duplication of results given in tables and figures must be avoided.

Units of Measurement: All measurements should be expressed in conventional units, with System International (SI) units given in parentheses throughout the text.

Abbreviations: Except for units of measurement, abbreviations are discouraged. The first time an abbreviation appears it should be preceded by the words for which it stands. However, title and abstract must not contain any abbreviations.

Names of Drugs: Brand names of drugs are not permitted. Only generic names of drugs should be used.

Permissions: Materials taken from other sources must be accompanied by a written statement from both author and publisher giving permission to the Journal for reproduction.

Review and Processing: An acknowledgment is issued on receipt of the manuscript. The manuscripts are examined by the editors and then sent for peer review. The comments of reviewers are then conveyed to the corresponding author. After correction/amendments by the authors, acceptance letter for accepted article is issued, and the article is placed in queue for printing.

Case Report: Short report of cases, clinical experience, drug trials or adverse effects may be submitted. They must not exceed 500 words, 5 bibliographic references and one table or illustration. The report must contain genuinely new information. The format is Title, Abstract, Introduction, Case Report, Discussion, and References.
